

# Prevent Wildfires - Play Your Part

Over 75% of all wildfires are caused by human negligence.  
Wildfire spreads fast threatening ecosystems, wildlife,  
livestock, property, livelihoods, and people

Always follow the  
Scottish Outdoor  
Access Code

If you see a fire, no  
matter how small,  
**call 999**

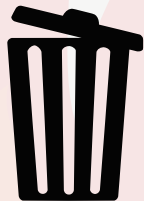

Challenge or report  
reckless behaviour,  
**call 101**

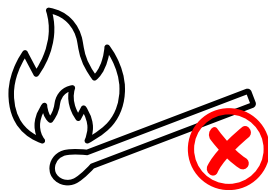

Park responsibly -  
keep vehicles off dry  
grass and vegetation

Extinguish  
cigarettes  
thoroughly

Take litter home - in  
the sun litter,  
particularly glass,  
can start a fire

Do not light fires,  
especially when  
conditions are windy,  
hot or dry

Use prepared  
foods for picnics;  
avoid lighting fires

Outdoor safety is  
your responsibility -  
Plan. Prevent. Protect
